MAJOR TUCKER VISITS CAMP

Major J. G. Tucker, Director of ECW Camps, Tallahassee, Florida was a visitor in camp last Tuesday. Major Tucker eat dinner at camp after which he made an inspection tour to the woods with our Project Superintendent, Mr. W. X. Pate. All comments past on the work and the projects here in camp by the Major were quite favorable.

We hope that he will pay us another visit some time in the near future.

- -

MAJOR MASON LEAVES

Major Charles D. Mason, M.C. 33rd. Surgical Hospital, who has been acting Camp Surgeon of this Company and the Camp F-11 in Captain Hall's place left on or about the 15th of the month for Fort Screven, Ga. his original headquarters.

Everyone here enjoyed knowing the Major although he was a doctor. He was very pleasant at all times and bid everyone the best of luck as he left this camp Thursday for home.

- -

CAPTAIN HALL RETURNS

Captain Hall, Camp Surgeon has just returned to his duty from an eleven days of leave, where he visited friends in Washington, D. C.

DISTRICT OFFICERS HERE THURSDAY

Colonel J. C. Drain, Commanding Officer, District "F", and Major R. L. Boylan, District Quartermaster, were here yesterday to inspect the camp.

After looking over the camp, Col. Drain remarked favorably on the cleanliness and general appearance of everything.

- -

GAME WITH 451 TOMORROW

Tomorrow afternoon at three o'clock the Company 450 basketball team will make its second league appearance when it tackles the team of Company 451 at the Ocean Pond Camp.

A letter from 451 today states that the game will be played at their camp unless they secure the use of the Lake City Gym. We will be notified if they do secure it.

Since last Saturday, when the 450 team lost to Ocala by a one-sided score, the locals have practiced earnestly each day. They hope to redeem themselves in tomorrow's game.

- -

TRUCK SHED BEING MOVED

The first blow towards moving the Forestry truck shed from its present location was struck today. According to the appearance of the efforts put forth the work will continue nicely.

Published every week by the Educational Department, Company 450, C. C. C. White Springs, Fla.

SUWANNEE PHILOSOPHY
By C. W. Johnson

Observing here and there abouts I note queer mannerisms, etc. For instance the experienced chemist whose life work was explosives and who handled daily large quantities of nitro, TNT and dynamite. He was afraid to face his wife if he was a few minutes late getting home.

She calls him deer because he has buck teeth.

The girl friend of PFB finally gave him a break--A broken heart.

General WFM--Excuse men, General nuisance WFM. Made his daily inspection.

Coincide and tell mama that the washing is dry.

The Dione quintuplets were front page news for some time attracted a lot of attention. Up at the North Pole and entirely overlooked there is a set of penquin-tuplets.

We haven't heard much about the camps gilded irish confetti lately. Must be that there are no more gold bricks in camp.

FACTS ABOUT THE C.C.C.

Robert Fechner, Director of Emergency Conservation Work, in his report to President Roosevelt last week on the progress made in CCC, brought to light the following facts:

"Greater progress in the saving and developing of the country's natural resources was made during the calender year just closed than in any previous year in the Country's history".

Value of Conservation Work during the first 30 months of CCC existance is estimated at $579, 000, 000.

Between April 1933 and November 1935, the CCC supplied work to more than 1,500,000 persons.

"Nation-wide interest has been stimulated as never before in the conservation of our forests, wild life and game, in the planting of trees, saving agricultural lands from erosion, and development of publicly-owned lands for forests and parks"

The CCC reached its peak of enrollment strength on August 31, 1935, when there were 519,920 men enrolled.

Included in the enrollment last August were 10,115 Indians working on Indian Reservations, and 4,022 men working on CCC projects in Hawaii, Alaska, Puerta Rico, and the Virgin Islands.

"In addition to the large number of persons given employment at the camps, thousands of other jobs have been created in private industry thru expenditure for supplies, materials, and equipment".

405, 402, 500 trees were planted.

62,593 miles of service roads and truck trails constructed.

Several roads and truck trails were maintained over 155,000 miles.

Telephone lines were maintained over 75,000 miles.

NEW BUILDING

Work has been started on a New Tool House, Truck Shed and Grease Rack. The Oil house and gas tank is to be moved to the new location back of the Forestry Office as well. Due to the location and ill convience of the old tool house a new one is being built along with the truckshed and grease rack.

Leader Turner is in charge of the crew and the construction. Prevatt is helping with the work along with a small crew of men. The new location back of the Forestry Office and the Garage has already been cleared and plans for construction is being placed in order regularly.

The truck shed is to consist of ten stalls and will be built on the same principal as the old shed. The tool house is to be twenty feet by twenty feet and is to be combined into an oil house and tool house. These buildings are to be set up in line with the Blacksmith Shop.

This task has been pending for some time but seems as it is to be completed this time and we congralutate those taking part in the work. Its effect on the appearance of the camp from a front view will be exceedingly great.

Lake City Jewler Florida.

- -

NIGHT SCHOOL

The night school is still underway although there is not as many attending as we would like to have we are quite glad to see the few take part in the program. A truck will leave camp on or about a quarter to seven on Monday, Tuesday, Wednesday and Thursday afternoons. If there is any man in the Company who wishes to attend who has not already been we would be very glad to get in touch with him and if possible help him get started. We congralutate those taking part and will give them aid that we might be able to on their request.

AN EAGLE'S EYE VIEW

Our heartiest thanks go to the Lake City School Officials, who last Saturday, allowed our basketball team to use their gymnasium. It was a home game for us, and it was a joy of pleasure to entertain the Ocala team on such a good playing court. Not only was the floor used, but the shower baths and dressing rooms helped matters a whole lot.

"Honor to whom Honor is due". We are not forgetting Mr. Pittard either. He is the Assistant Coach at the Lake City High School, and he kindly consented to referee our game with Ocala. It is impossible to have a good clean game unless good officials are running it. Good Officiating keeps down arguments and makes the game smoother and more pleasant to all concerned. Mr. Pittard handled this game in a most capable manner. We hope to secure his services in future games.

Although our Orange Shirted basketballers were outclassed last Saturday, the members of our team are determined that they will not be so easily overcome in the next encounter. A practice has been held every day this week. They had a bad start, watch their ending.

Men in Company 450 who are attending the classes down at Bullard's Corner are to be congratulated. There are several others in this organization who need to go down there. It is up to the men THEMSELVES. If they have made the mistake of dodging all forms of educational training so far, it is time for them to wake up and determine to correct a mistake made earlier in life.

We were glad to see so many of our neighbors here for the square dance last Saturday It speaks well for the camp, and it is to be hoped that this friendly relationship will continue and increase. While we may have one nearby friend who looks upon us as "bums" and"thugs", we believe there are a hundred others who look upon us as being what we really are.

Let every man in the Company do his part toward aiding in bettering the Company.

ONE YEAR AGO

Taken from Suwannee Echoes dated January, 18, 1935.

Lt. H. W. Weller, District Chaplain talked to the men of this Company on Wednesday at 6:30 on Spiritual Development.

Dr. Montgomery was in camp Tuesday night. Due to a property check Dr. Montgomery was unable to talk to the men as a group, however he visited around the barracks and talked to the men individualy.

R. E. Johnson and G. Whidden were rated from members to Ass'st. Leaders on Jan. 1st.

Announcement has been made at Company Headquarters here that each month hereafter a gold medal will be presented to the members making the best record and contributing most to the advancement of the Company and the CCC.

Officials of the Lake City Kiwanis Club have invited some of the men here in camp to put on several entertainment features at their vanquet next Tuesday night.

New seats and tables have been received for the recreation hall.

Captain H. B. Dudley, and his accountant, Mr. McLemore were here Monday night on their regular monthly inspection trip.

Last Monday a truck belong to Leroy Hopkins crashed through the bridge here. No one was hurt, after some time he went on his way.

"SUWANNEE SLUDGE"

Speedy Longo was seen tossing coins with a very charming little girl in Lake City. He was a few nickles ahead of her at first but she got the best of him in the Longo run. They'll do it every time Speedy.

What is it about Brooks that makes him look so beautiful when he smiles. He looks like he is started the wrong way.

Jimmie Reynolds is headed for the top again and he says he is headed that way strong this time. To the top of what no one knows.

Marshall, down-and-out but the old saying, You can't keep a good man down, and he thanks all for their fair and square breaks.

Harold Davis does not go to the RR crossing any more since his little blond left. What's the matter, don't you care for brunettes?

Willie Frank is growing shorter every day and his nose is increasing in size.

Marshall says old Co. 450 ain't ain't what she used to be.

Wallace Does looks pretty good with his mouth closed tight and also his twin brother Alford with his new mustache.

It looks like we will have to start printing more Suwannee Echoes. Farthing and Parker send all of the present ones to Live Oak and White Springs.

Sapp and Mitchell have a bet on which one that could take the other's girl. I wonder which will win.

E. J. Parker has created a new name in Live Oak. It is Angel Face. What a name for a boy like you Parker.

Carl Hurt has a new name in Live Oak too it seems to be Sticky, as him why he has that name.

We want to know why Akridge is always lending money. Maybe after this last time he has learned a lesson.

Which one of Farthings, R.R, Co. girls got married to another boy.

Joe Prevatt, after getting three wasps in his pants legs the other day, carried out Mr. Pate's suggestion and tied up the bottome of his trousers, but what a time he did have in the meantime.

Jack Davy had to go to town Tuesday night to spend his money. Now we are all wondering on whom he spent his shekels.

Oh! Jack are you feeling well this morning? This probably doesn't mean anything to anybody by Jack Davey. Ask him or Atwell, or the man from Boston, eh!, Jack?

Who was the young lady that Jack Marshall took such an interest in at the Saturday night dance in the Canteen? There was a moon, the Canteen was crowded, so they took a walk. In thinking J.C. escorted her to the dance.

Everytime Mac (Shorty Smith) sees a telephon he thinks about his girl friend. Is her name Tillie, Mac?

JUST A C.C.C.

Proudely down the street a CCC lad strode,
All haunty, gay and in a most pleasant mood.
A glance upon his face you'd think, He had
prosperity in a sink, Then a glance at his
stride, You'd think he expected, Just around
the corner a ride. When at last the eve wa
all over, His payday had been spent and his
sink turned over, There was left a CCC lad
all over and over. Oh! Oh! I'll never,
never, again.

BALL TOSSERS LOSTE TO OCALA

In a clean, sportsmanlike, but onesided basketball game last Saturday on the Lake City High School floor, the local basketball team lost their initial league game to Company 1420 of Ocala by the score of 52 to 20.

Play of the 450 Crimsons was characterized by loose handling of the ball. In fact they showed a sad lack of practice in every department. They are determined to make a better showing next Saturday when they tackle 451.

Middleton led the scoring for the locals with ten points. For Ocala, rung up nine field goals for a total of 18 points was Harrison. Every member of the Ocala team who played helped in running the score up.

BOX SCORE:

Co. 450		Co. 1420	
Kom, rf	6	Burroughs, rf	10
Smith, L. J. lf	2	Roberts, lf	11
Watson, C	0	Harrison, c	18
Woodcock c	0	Parker, rg	6
Norris, c	0	Hogan, lg	7
Middleton, rg	10		
Cody, lg	2		
Smith, U. lg	0		
Total	20		52

Referee: Pittard; Timer McCarty.
Time of Quarters: 8-10-10-8

PRACTICE

According to the efforts put forth on the basketball court this week the boys will show extream improvement over their last game when they are put on a court again. Under the directions of Middleton they are getting in shape to bring Olustee their next opponent to a showdown and bring back a victory.

PARTY LAST SATURDAY

Another "barn dance" was pulled off in our recreation hall last Saturday night in grand style. It was our officers who thought of having this dance who saw it through to a successful conclusion.

Some of the older heads who have been here for considerable time predicted that it would not be a success: that the people would not turn out for such a party.

Much to the pleasure to all concerned, Saturday night's affair was a howling success from every viewpoint. Girls, boys, grownups, and children from the surrounding neighborhood turned out in abundance. The crowd was just large enough to make things hum. Enough were here to allow some to rest during each set of the "old, but still good" square-dancing.

It is very gratifying to know that our neighbors here around the camp are willing to enter into our camp activities. It just goes to show that they appreciate our efforts in establishing ourselves as GENTLEMEN who know how to act in a creditable manner.

Music for the occasion was furnished by John Hodges, Clarence Mizell, and Pat Montgomery of this Company and Maloy Parker of Company 1420, Ocala. Their music was above the average in "hill billy" music. It went "around and around" and "up and down". A word of praise should go to Maloy Parker, who with other members of the Ocala Basketball team were present for the occasion.

Not a single person from nearby towns was present. However, judging by the time enjoyed by those present, the dance compared favorably with some of the more expensive and extensive parties that are held in town from time to time.

The much-asked question now is, "when do we have the next one"?

- -

Why is (Shorty Smith) called wrong number.

Who is the lugky guys around here?

Let's all be good sports.

DR. MONTGOMERY HERE

Rev. E. F. Montgomery, pastor of the Presbyterian church in Lake City, paid the Company his [illegible] bi-monthly visit last Tuesday. With the use of slides Dr. Montgomery gave the life of Moses from the time when he was hid in the water by his mother to the time when he led the Children of Isral out of the land of Egypt. The lecture was very interesting and practically all the men in the Company was over in the recreation hall viewing his part of the program. Several songs were sung by the group as Dr. Montgomery concluded his lecture.

After Dr. Montgomery finished his lecture the District Chaplin Lt. Veal whom accompanied Dr. Montgomery over to our camp thanked all the men for their attention during Dr. Montgomerys lecture. After which the group was dismissed.

- -

BRIEF OF THE FOREST FIRE LAW
(That part Which Applies to Landowners and Lesses)

A NOTICE-VERBAL OR WRITTEN-MUST BE GIVEN BY THE LANDOWNER OR LESSEE AS FOLLOWS:
One to ten days before date of burning give verbal notice in the presence of at least one witness to all adjoining and surrounding resident owners, managers, or tenants. If this is impossible, notify all adjoining and surrounding resident owners, managers, or tenants in writing one to ten days before date of burning.

TAKE REASONABLE PRECAUTION:
Your are further liable if after giving the prescribed notice, you fail to prevent the spread of fire to adjoining lands by:
Providing adequate fire lines to control fire.
Providing sufficient manpower to control fire.
Providing ample fire fighting equipment to control fire.
Watching over the fire until it is out.

LETTING FIRES ESCAPE:
It is unlawful for an owner or lessee to premit any fires to escape onto and burn adjoining lands.

BURNING PROPERTY OF ANOTHER:
It is unlawful for anyone to set fire to the property of another.

BURDEN OF PROOF REST WITH DEFENDANT:
It now becomes the obligation of the defendant in a woods burning case to prove that he had a right to burn rather than making the State prove that he did not have the authority to burn.

CRIMINAL PROSECUTION:
Anyone convicted of violating any of the provisions of this law shall be punished by a fine of not more than Two Hundred ($200.00) Dollars, or by a county jail sentence of not to exceed three (3) months, or by both fine and sentence. The person or persons, firm or corporation causing, permitting, or directing violation of the law is liable as much as the actual violator.

CIVIL LIABILITY:
Anyone convicted of violating any of the provisions of this law is liable for all damages whether there be criminal prosecution and conviction or not.

ARE YOU REDEEMING YOUR RESPONSIBILITY.

SWEETS FOR THE SWEE-SWEE-SWEES

Decidedly out of the ordinary was the arrival in camp yesterday of a sizable box of home made candy which was delivered by hand and not by the mail carrier.

This candy came in the nature of a reward to some of the boys here for a kind act performed by them some time ago when they helped push a lady's car out of the mud when her car bogged down near the camp.

It seems that Miss Jeter, the Home Demonstration Agent for this county, was making her rounds in this section, when her car refused to negotiate one of the many mud holes found hereabout. Along came Mr. Adams and his crew from work, and they immediately gave their assistance to the "lady in distress".

The identity of the CCC boys who performed this act has not been learned. Mr. Adams, when the box of sweets was turned over to him, said he would have to look them up. However, we are willing to bet the candy is of a quality seldom equalled in excellence. At least it looked that way when this writer peered into the container.
